We're proud to support the Polk County Youth Fair.

Our mission is to help the world grow the food it needs. And at the heart of every county fair there are young people gaining real life experience learning about the importance of responsible farming and food production.

That's why we're proud to support agricultural and livestock education — where principals become reality and commitment nourishes potential. We believe tomorrow's agricultural innovations are being planted here today.

We help the world grow the food it needs.

## Thanks to our volunteers!

It is with great pleasure that I welcome all exhibitors, their families, friends and all supporters to the 66th Annual Polk County Youth Fair. The Polk County Youth Fair is a long standing and proud tradition to the families in Polk County.

We are very proud of the large number of youth that participate each year in the fair. Youth Fair projects require a great deal of time, commitment and dedication. They teach life skills such as planning, budgeting, and record keeping. I hope every one will take time to check out all of the exhibits 4-H, FFA and FCCLA members have spent time on preparing for this year's fair.

Thank you to all the volunteers who make this fair happen. Without you, the fair would not be possible.

Good Luck to all participants in this year's fair!

Jimmy Bolden

President, Polk County Youth Fair

## Thank You to our Sponsors

THE CAPITOL  
400 SOUTH MONROE STREET  
TALLAHASSEE, FLORIDA 32399-0800

## FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES COMMISSIONER ADAM H. PUTNAM

Dear Friends,

Welcome to the Polk County Youth Fair!

Beyond the fun, food and fellowship, our local fairs reach more than five million people each year with opportunities to engage in agriculture. Florida fairs provide an excellent platform for us to showcase the finest Fresh from Florida produce, livestock and poultry our state has to offer, as well as how advancements in technology are being utilized to make Florida agriculture second to none.

Exhibits and livestock shows provide a tremendous opportunity for Florida's youth to demonstrate their skills in agriculture and for others to learn about the industry's impact as one of the state's economic pillars and a chief supplier of our nation's food. As Florida's Commissioner of Agriculture, I am enthusiastic about the positive impact fairs and livestock shows have on the agricultural industry and the local community. While other industries have suffered during recent tough economic times, Florida agriculture continues to generate more than \$100 billion in economic impact each year and employ nearly one million people.

Continued momentum will likely depend on our youth and our fairs are a great way to cultivate the next generation of leaders. As we look forward to celebrating the 500<sup>th</sup> anniversary of the discovery of Florida, I hope you will find ways to make this a teachable moment about Florida's rich history and its extraordinary agricultural heritage.

Sincerely,

Adam H. Putnam  
Commissioner of Agriculture

*Polk County 4-H Youth Council President*

**Ashley Zimmermann**

Congratulations! Only so many kids from the ages of 11 to 18 years old take the time and effort to apply themselves to do a variety of different projects and enter the Polk County Youth Fair. Every year the Youth Fair grows more and more, and we're glad to see you all come.

I would like to extend an invitation to anyone in or around the 4-H community, to look into joining and or becoming involved in Polk County 4-H Youth Council. You might be asking yourself "What is Polk County 4-H Youth Council?" This is a group of students who vary in age and come from different 4-H groups around the county and meet once a month to try and better our 4-H community. We represent Polk County as a whole at many county, district, and state level events. We do many different activities and projects as a group to help the community and help the 4-H community understand what we are all about and to better our community as well. We are a family in the Council, and we would love if you joined us with all of the adventures that we face and all of the fun we will have, but there is always room for more.

We look forward to seeing all of you at the Youth Fair this year and make sure you look for us for even more information on the Polk County 4-H Youth Council and what opportunities are available for you and your club. We will have a booth with some activities and information available at the fair all week. I look forward to seeing you all and what you have worked so hard on in order to enter the fair.

I would like to wish all of the volunteers, exhibitors, and working members the Best Good Luck!
